Positive pressure design

With positive pressure, heated air will be pushed out through non-intake vents to prevent dust accumulation over time.

Simplified, but not simple

Two tone exterior design extrudes elegance with quality feel constructed of steel and glass.

VGA card supporter

Included adjustable graphics card supporter helps to distribute weight of graphics card. This helps prevent accidental motherboard slot damage or card sagging.

Perfect dust Prevention

Three full coverage filters with positive pressure design help prevent performance degradation caused by dust accumulation over me.

Expansion Card

With front 140mm fan installed, up to 13.6" (345mm) in length, width restriction –6.85" (174mm)

Radiator support

Front 120/140mm fan x 2, or 240/280mm radiator x 1
