SilverStone®
Designing Inspiration
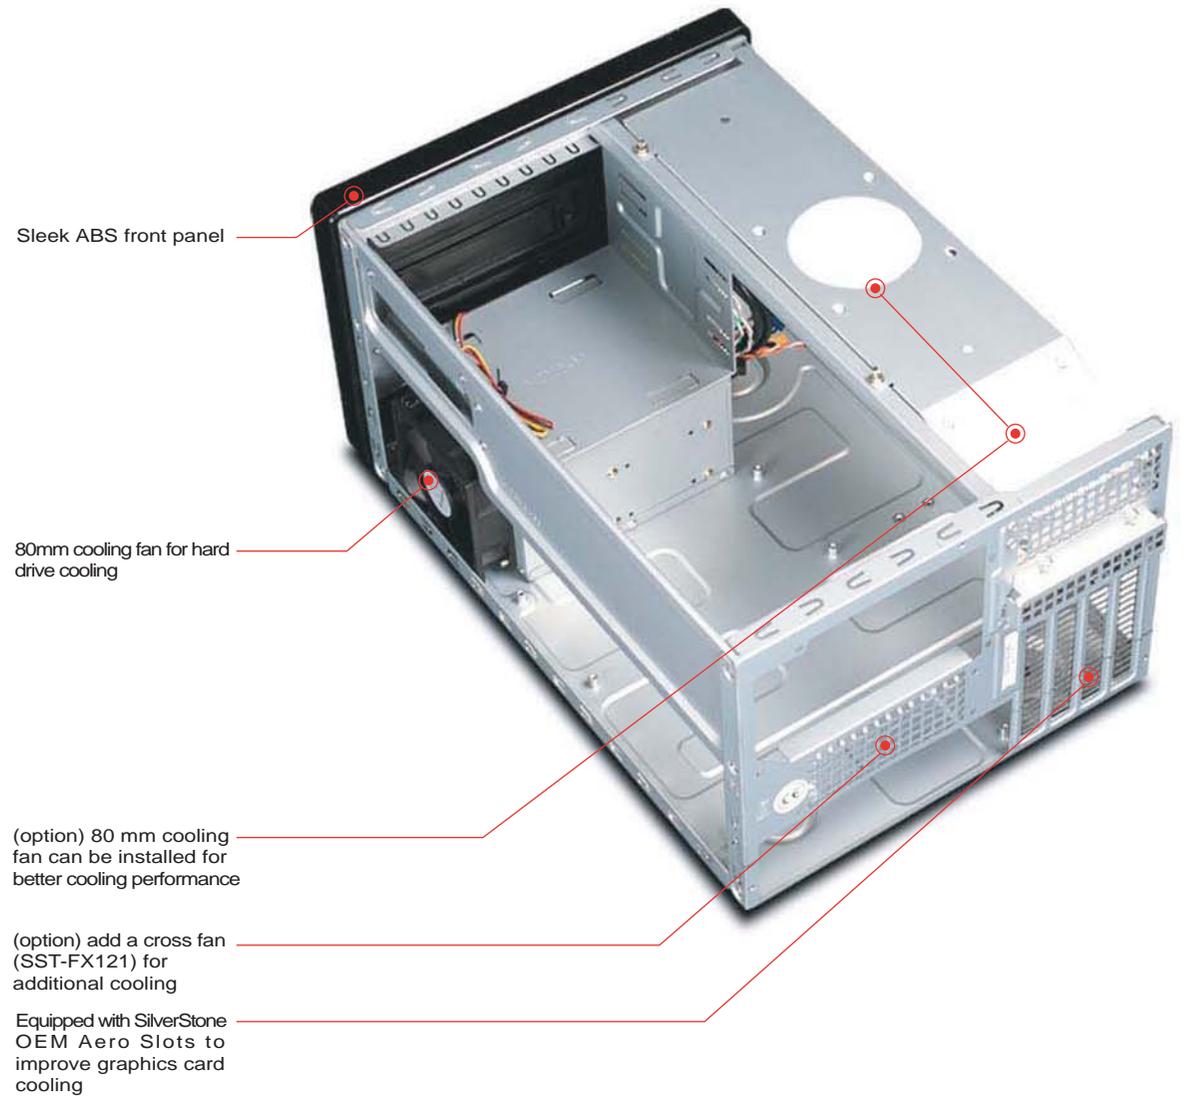

SUGO SERIES
Advancing the small form factor

USB 3.0 Ready!

Special Features:
Steel structure for silent builds
Modern and cleanly styled SFF chassis
Enhanced cooling layout for high performance
Dual 5.25" and 3.5" drive bays
Micro ATX motherboard & ATX PSU compatible
Extended-length expansion cards support

SG02-F

www.silverstonetek.com

Sleek ABS front panel

80mm cooling fan for hard drive cooling

(option) 80 mm cooling fan can be installed for better cooling performance

(option) add a cross fan (SST-FX121) for additional cooling

Equipped with SilverStone OEM Aero Slots to improve graphics card cooling

Introduction

The SG02F, as the successor to the SG02 is an evolutionary step forward in both performance and the capabilities over the original Sugo chassis, the SG01.

With the case now capable of handling even more powerful graphics cards than ever before, the SilverStone engineers were still able to keep the smaller dimension in tact.

Although SG02F's front panel design is unchanged from its predecessor, its styling and function continues to stand out from ordinary SFF designs.

The same can also be said of its tried and true chassis layout, which is still capable of accepting larger ATX power supply or optical drives than other SFF cases available.

Built based on a brand new steel structure, the SG02F is sure to please potential builders looking for primarily silent applications.

Graphic card length reference:

- AMD Radeon HD 5970 - 12.2"
- AMD Radeon HD 6990 - 12"
- AMD Radeon HD 6970 - 11"
- AMD Radeon HD 6950 - 11"
- AMD Radeon HD 5870 - 11"
- AMD Radeon HD 6870 - 10.5"
- NVIDIA GeForce GTX580 - 10.5"
- NVIDIA GeForce GTX480 - 10.5"
- AMD Radeon HD 5850 - 9.5"
- NVIDIA GeForce GTX470 - 9.5"
- AMD Radeon HD 6850 - 9"
CPU cooler cannot exceed 82mm in height

Recommended products

NT06-PRO

High performance CPU cooler designed for SFF.

FX121

Add a cross flow fan for additional cooling.
(Notice : You can only add one device from NT06-PRO or FX121)

SUGO PACK

Get a Sugo Pack to conveniently take your SG02-F anywhere you go.

50F-ES

Affordable quality 500W PSU

CP08

We recommend CP08 90°C degree SATA cable for installing extension expansion card in SG02.
