

TF01

High thermal conductivity thermal paste

- Ultra high thermal conductivity
- Will not separate, migrate or bleed
- Widely applicable to different hardware components (CPU, GPU, chips...etc)

Specifications

Model No.	SST-TF01
Color	Grey
Thermal Conductivity	> 6.5 (W/m-k)
Specific Weight	> 3.25 (g/cm ³)(25°C)
Temperature Resistance	-50 ~ 340°C
Operating Temperature	-30 ~ 280°C
Capacity	2g
Accessories	Scraper
Dimension	119mm x 20mm
